

2012 RESERVE
CABERNET SAUVIGNON
ESTATE VINEYARDS, NAPA VALLEY

VARIETAL %'S: 100% Cabernet Sauvignon

WINE CHEMISTRY: pH 3.68 TA 5.9 g/L Alc 14.5%

HARVEST NOTES: The 2012 growing season was a welcome respite from the challenges nature posed in 2010 and 2011. The season began early with the vines setting a bountiful crop. Our grapes thrived in excellent growing conditions and developed complex flavors supported by a refined phenolic profile.

VINEYARDS: Estate - located at the winery, faces west from the side of Howell Mountain and has a slope averaging 22%. The soil is composed of "Tuff" a volcanic ash, allowing the vineyard to drain very well.

Inkgrade - An eastern-facing mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.

WINE DESCRIPTION: Through our barrel program we identify a select few barrels that exhibit extreme complexity and richness. Our Cabernet Sauvignon is aged in a high percentage of new oak that imparts balance and allows the wines to achieve full rounded character coupled with boldness. At this point the wine achieved the standard to be labeled under our Reserve program that showcases the full potential of our vineyards.

2013 RESERVE
CABERNET SAUVIGNON
ESTATE VINEYARDS, NAPA VALLEY

VARIETAL %'S: 85% Cabernet Sauvignon • 10% Petit Verdot • 5% Malbec

WINE CHEMISTRY: pH 3.84 TA 5.9 g/L Alc 15.6%

HARVEST NOTES: The 2013 growing season was early, even, and excellent! The early bud break and consistently moderate temperatures throughout spring and summer resulted in exceptional vine health and optimal ripening. We were able to take our time planning vineyard picks to ensure the highest quality fruit with complex flavors and refined phenolic profiles.

VINEYARDS: Estate - located at the winery, faces west from the side of Howell Mountain and has a slope averaging 22%. The soil is composed of "Tuff" a volcanic ash, allowing the vineyard to drain very well.

Haymaker - An eastern-facing mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.

WINE DESCRIPTION: Through our barrel program we identify a select few barrels that exhibit extreme complexity and richness. Our Cabernet Sauvignon is black, inky color with delicate aromas of cherry, tar, cedar, blackberry pie, toast, vanilla, currant, char, and peppercorn. Rich, juicy, huge structure that "won't frighten the horses" of cherry, blackberry, cassis, coffee, vanilla, dark and milk chocolate. Long, rich, spicy finish.

2013 MERLOT
TRIERE VINEYARD, NAPA VALLEY

VARIETAL %'S: 100% Merlot

WINE CHEMISTRY: pH 3.76 TA 5.9 g/L Alc 14.9%

HARVEST NOTES: The 2013 growing season was early, even, and excellent! The early bud break and consistently moderate temperatures throughout spring and summer resulted in exceptional vine health and optimal ripening. We were able to take our time planning vineyard picks to ensure the highest quality fruit with complex flavors and refined phenolic profiles.

VINEYARD: Developed in the 1940s, Triere vineyard sits on the valley floor at an elevation of 100' and is located in the Oak Knoll district of Napa Valley. The soils consist of Cortina stony loam coupled with Yolo clay loam that provide excellent drainage.

WINE DESCRIPTION: Dark, ruby red in color with gorgeous aroma of cherry, lavender, rose, blackberry, plum, and sasparrilla. The generous flavors are juicy, dense, and persistent with a core of cherry, plum, chocolate-covered strawberry, and notes of baking spices.

2013 MALBEC
HAYMAKER VINEYARD, NAPA VALLEY

VARIETAL %'S: 100% Malbec

WINE CHEMISTRY: pH 3.87 TA 5.4 g/L Alc 14.7%

HARVEST NOTES: The 2013 growing season was early, even, and excellent! The early bud break and consistently moderate temperatures throughout spring and summer resulted in exceptional vine health and optimal ripening. We were able to take our time planning vineyard picks to ensure the highest quality fruit with complex flavors and refined phenolic profiles.

VINEYARD: Haymaker - An eastern-facing mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.

WINE DESCRIPTION: Malbec is a very versatile grape and can be used to blend, as found in many world class Bordeaux blends, or create interesting wines on its own. Our Malbec is a dark ruby/purple with an expressive aroma of cherry cider, passion fruit, chocolate, jasmine, and black tea. The flavors are bright, soft, mouth-filling, juicy, and fruity with blackberry, black currant, cherry, and blueberry.
