2013 MALBEC HAYMAKER VINEYARD, NAPA VALLEY

VARIETAL %'S:	100% Malbec		
WINE CHEMISTRY:	pH 3.87	TA 5.4 g/L	Alc 14.7%
HARVEST NOTES:	The 2013 growing season was early, even, and excellent! The early bud break and consistently moderate temperatures throughout spring and summer resulted in exceptional vine health and optimal ripening. We were able to take our time planning vineyard picks to ensure the highest quality fruit with complex flavors and refined phenolic profiles.		
VINEYARD:	Haymaker - An eastern-facing mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.		
WINE DESCRIPTION:	Malbec is a very versatile grape and can be used to blend, as found in many world class Bordeaux blends, or create interesting wines on its own. Our Malbec is a dark ruby/purple with an expressive aroma of cherry cider, passion fruit, chocolate, jasmine, and black tea. The flavors are bright, soft, mouth-filling, juicy, and fruity with blackberry, black currant, cherry, and blueberry.
