### HARVEST NOTES

The 2014 growing season was marked by kind weather, a few curveballs and an abundant crop. The winter was one of the driest on record, but heavy rains before bud break gave the vines a well timed drink. The dry winter produced berries smaller in size, but more concentrated with flavors, and an earlier than normal harvest showed immediate promise of high quality.

### VINEYARDS

*Haymaker* - An eastern-facing Howell Mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.

### WINE DESCRIPTION

Intense blueberry, boysenberry and strawberry aromas. Floral and savory herbs lead, followed by a silky palate with milk chocolate, dark chocolate and vanilla. Supple and juicy.
