HARVEST NOTES

The 2014 growing season was marked by kind weather, a few curveballs and an abundant crop. The winter was one of the driest on record, but heavy rains before bud break gave the vines a well timed drink. The dry winter produced berries smaller in size, but more concentrated with flavors, and an earlier than normal harvest showed immediate promise of high quality.

VINEYARDS

Haymaker - An eastern-facing Howell Mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.

WINE DESCRIPTION

A top note of boysenberry jam leads into an inky and dense nose. Licorice, chocolate, tobacco and savory herbs with a touch of garrigue and tar on the palate. This is a full bodied wine with well integrated tannins.
