HARVEST NOTES

The 2014 growing season was marked by kind weather, a few curveballs and an abundant crop. The winter was one of the driest on record, but heavy rains before bud break gave the vines a well timed drink. The dry winter produced berries smaller in size, but more concentrated with flavors, and an earlier than normal harvest showed immediate promise of high quality.

VINEYARDS

1880 Estate - Located at the winery, faces west from the side of Howell Mountain and has a slope averaging 22%. The soil is composed of "Tuff" a volcanic ash, allowing the vineyard to drain very well.

Haymaker - An eastern-facing Howell Mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.

WINE DESCRIPTION

Complex aromas of black, blue and red fruits that continually change in the glass. Oceans of blueberry, cherry, raspberry, cola, cocoa, and strawberry on the palate. Savory with dried flowers on the finish. Full bodied and rich, this wine is an explorer's dream!
