HARVEST NOTES

The 2014 growing season was marked by kind weather, a few curveballs and an abundant crop. The winter was one of the driest on record, but heavy rains before bud break gave the vines a well timed drink. The dry winter produced berries smaller in size, but more concentrated with flavors, and an earlier than normal harvest showed immediate promise of high quality.

VINEYARDS

Haymaker - An eastern-facing Howell Mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.

WINE DESCRIPTION

Very floral aromas accompanied by dense black fruit and blueberries. Juicy and lush on the palate with bold acidity.
